

# Privacy Policy for GNetProbe

First Release (19-08-2025)

## Privacy Policy

GNetProbe, we respect your privacy and is committed to protecting it. This Privacy Policy explains how we handle user data in connection with our mobile application.

---

### 1. Information We Collect

- **Phone State Information**

Our app requests the android.permission.READ\_PHONE\_STATE permission.

This is used **only to show network connectivity with LAT-LONG on app. As the purpose of this app is to measure the network performance.**

- **Other Information**

We do not collect, store, or share any personally identifiable information (such as phone numbers, contacts, SMS, or call logs). This is fully local mobile device depended.

---

### 2. How We Use Information

The phone state information is used **exclusively within the app** to show the Network provider information on the application.

We do not share this information with third parties.

---

### 3. Data Sharing

We do not sell, trade, or otherwise transfer user data to outside parties.

---

### 4. Security

We take reasonable steps to ensure that any limited information accessed by our app is protected against unauthorized access or disclosure.

---

### 5. Changes to This Policy

We may update this Privacy Policy from time to time. Any changes will be posted on this page.

---
